

The final words from the Project Coordinator (CETMA)

RE⁴ project is now making the final steps of its successful journey which lasted three and a half years and it has been paved by encouraging results and large interest from the technical and general community.

RE⁴ has started in September 2016 with the ambition of contributing to the achievement of the key challenges identified by the Europe 2020 strategy, which requires EU Member States to re-use, recycle and recover a minimum of 70% by weight of non-hazardous CDW.

Now, at the beginning of 2020, RE⁴ is ready to provide innovative technologies and reliable strategies for the design and manufacturing of structural and non-structural pre-fabricated elements with high degree (up to 85%) of recycled materials and reused structures from partial or total demolition of buildings.

Discover the RE⁴ results and best practice

RE⁴ demo buildings update

There has been a big update from the RE⁴ demo sites recently! Watch the new videos either from the [disassembly of the RE⁴ demo building in Spain](#) or from the [construction of the RE⁴ demo building](#) in the UK.

[Find out more about the demo sites!](#)

Best practice booklet

We have released the Best practices booklet. It describes the RE⁴ approach in detail, so you can find lots of highly educational content there!

[Get the brochure here!](#)

Webinars

The RE⁴ team has organized four webinars covering various aspects of the RE⁴ project. Watch the recordings of the webinars on our [YouTube channel!](#)

Recent events

Joint workshop within SAIE Bari Fair 2019

In October, a joint workshop of H2020 projects [RE⁴](#) and [GREEN INSTRUCT](#) was held in Bari, Italy within the [SAIE fair](#). The project team had a great opportunity to present their ideas and results.

Photos from the event [here!](#)

RE⁴ public workshop in Madrid

The final project workshop had taken place in January 2020 in Madrid, Spain. Special thanks to project partner Acciona for hosting this magnificent event! Part of the

workshop was a visit to the RE⁴ demo building in Acciona demo park. The photo gallery is available [here](#). The workshop was streamed live, watch the recording of the whole workshop [here](#)!

Awards and achievements

Platinum magazine article

An article about RE⁴ project was released as a part of the November 2019 edition of Platinum magazine. The magazine is available online for free.

[Read the full article here!](#)

Euronews coverage

We have been featured not once, but twice on the official Euronews channel! [Watch the first video](#) which covers the overall RE⁴ approach and the [second one](#) where Umberto Battista from STAM talks about the CDW management process.

.EU Web awards 2019 final

The RE⁴ [website](#) has placed among

the 3 finalists of the "[.EU Web Awards 2019](#)" in the "Better world category." We have attended the Web Awards gala in Brussels in November.
